EPI DRIVE BELT WARRANTY

No other belt on the market goes through the rigorous testing that EPI puts their belts through, so you can be assured you're buying the best belt available.

BREAK IN PROCEDURE

Proper break-in is CRITICAL to experience the PERFORMANCE benefits of your EPI DRIVE BELT.

- Wash the belt in warm, soapy water and allow to air-dry.
- Scuff up both clutch sheaves with a Scotchbrite pad and then clean thoroughly by spraying brake cleaner on a clean rag and wiping the sheaves.
- TAKE IT EASY for the first 20 miles. This is **CRITICAL!** The belt needs to "seat" to the clutch sheaves properly. Vary your speed, no full throttle runs, and let it cool down a few times.
- Failure to do this will greatly shorten the life of the belt.

ONE YEAR LIMITED WARRANTY

If, within 1 year of purchase, the EPI DRIVE BELT fails, a replacement belt will be provided by EPI under the following conditions:

- The failed belt, dated proof of purchase and completed warranty card (below) must be sent to EPI along with a $20 USD processing fee (credit card)
- The warranty claim must be received by EPI within 30 days of the failure
- Upon our inspection, if it is determined that the belt was defective and did not fail for reasons such as incorrect installation, misuse or abuse, a replacement belt will be provided.

See website for full Belt Warranty details: www.EPIperformance.com

Liability under any expressed or implied warranty is limited to replacement of such merchandise. In no event shall EPI be liable for any incidental or consequential damages. This warranty is in lieu of all other warranties, expressed or implied, and all other obligations or liabilities on the part of EPI. This warranty does not apply to Rental or Fleet/Commercial use machines. Warranty claims are not accepted from outside the US and Canada.
